

ABOUT KIDZANIA

KidZania is a global indoor theme park for families that empowers, inspires, and educates kids through real life role-playing activities. By blending reality with entertainment, KidZania provides an authentic and powerful developmental platform, preparing kids to understand and manage their world better. KidZania believes it can promote change, inspire global citizenship, and build strong community awareness amongst children through an experience that is hands-on, engaging, and most importantly, fun.

KidZania emulates the workings of a real city but built to scale for children. KidZania gives children an environment that allows them to do what naturally comes to them: role-playing by emulating real life professions and activities.

As in the real world, children perform "jobs" and are either paid for their work (as a Stylist, Construction Engineer, RJ, Surgeon, CSI Agent etc.) or pay to get a service (University, Culinary School, Department Store, Driving School etc.)

KidZania is one of the most progressive family entertainment concepts in the world today with presence across 29 cities in 22 countries. These include multiple locations in Americas, Europe, Japan, Korea, Middle East and Asia. In India, KidZania is operational in Noida (near TGIP Mall) & Mumbai (R City Mall).
